Types of Tourist UAE Visa for Ethiopian Citizens

Before applying for a **UAE visa for Ethiopian**, it's essential to understand the different types of visas available. The UAE offers several visa options depending on how long you plan to stay and your specific travel needs. Here are the most common types of tourist visas:

1. 30-Day Single Entry Visa

This visa allows Ethiopian citizens to stay in the UAE for up to 30 days. It is suitable for short-term visits, such as vacations or short business trips. Once you leave the UAE, the visa expires, and you cannot re-enter the country using the same visa.

2. 60-Day Single Entry Visa

The 60-day visa is perfect for travelers who want to spend more time exploring the UAE. Like the 30-day visa, this is a single-entry visa, meaning you can stay for up to 60 days but cannot re-enter if you leave **before** the visa expires.

3. Multiple Entry Visa (30 or 60 days)

For Ethiopian citizens who plan to enter and exit the UAE multiple times during their stay, the multiple-entry visa is the best option. This visa allows you to visit the UAE several times within the validity period, making it convenient for those who have frequent travel plans.
